### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Claims 1, 9 and 18**, Lines 4, 5 and 6, respectively, are to be written as "... relative to the hoistway;"

#### ***Allowable Subject Matter***

The following is a statement of reasons for the indication of allowable subject matter:

**Claims 1, 9 and 18** contain allowable subject matter because the teachings of the prior art of record taken as a whole do not show or render obvious the combination set forth, including the joining of carrier elements to the engine frame by a "... first portion and second portion are configured to *interface with each other*..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
